

Funding Alert

Below you will find a selection of upcoming funding opportunities. You can find more grants to support research and programs by searching the online database **SPIN** (*this replaces the Pivot funding database*):

- [Create an account using your NSU email](#) (*new accounts will be approved for access)
- [Log in here once you have an account that is approved](#)
- [When on NSU's campus and internet, you can log in without an account](#)

Want to discuss your project idea or possible funding sources, feedback on your grant documents, or other grantseeking support? **Contact the NSU Grant Writing Manager, Melanie Bauer** (mbauer1@nova.edu).

Funding Opportunities for Patient-Centered Research (PCORI)

Sponsor	Grant/Program	Description	Deadline
PCORI	Addressing Rare Diseases	Seeks to fund high-quality patient-centered comparative clinical effectiveness research (CER) projects that focus on rare diseases . Focus areas include symptom management, timely diagnosis, and care delivery.	LOI due 6/4/24 <i>(full application due 9/4/24)</i>
PCORI	Addressing Substance Use	Seeks to fund high-quality patient-centered comparative clinical effectiveness research (CER) projects that focus on people with substance use disorders or individuals who use/misuse substances. Focus areas include equity in prevention and treatment, overdose prevention, and reducing substance use.	LOI due 6/4/24 <i>(full application due 9/4/24)</i>
PCORI	Broad Pragmatic Studies	Invites a broad array of applications for high-quality comparative clinical effectiveness research projects . Priorities include: Increase Evidence for Existing Interventions and Emerging Innovations in Health; Accelerate Progress Toward an Integrated Learning Health System; Achieve Health Equity; and Advance the Science of Dissemination, Implementation and Health Communication).	LOI due 6/4/24 <i>(full application due 9/4/24)</i>

PCORI	Advancing the Science of Engagement in Research	Seeks to fund studies that build an evidence base on engagement in research , including: Measures to capture structure/context, process, and outcomes of engagement in research; Techniques that lead to effective engagement in research; and How effective engagement techniques should be modified and resourced for different contexts, settings, and communities to ensure equity in engagement and research.	LOI due 6/4/24 <i>(full application due 9/4/24)</i>
PCORI	Phased Large Awards for Comparative Effectiveness Research	Invites applications for high-quality patient-centered comparative clinical effectiveness research (CER) projects that will address critical decisions faced by patients, families, caregivers, clinicians, and the health and healthcare community and for which there is insufficient evidence.	LOI due 6/4/24 <i>(full application due 9/4/24)</i>
PCORI	Improving Methods for Conducting Patient-Centered Comparative Clinical Effectiveness Research	Aims to fund studies that address high-priority methodological gaps in patient-centered comparative clinical effectiveness research (CER). Focus areas include methods to: Improve the Use of Artificial Intelligence (AI) and Machine Learning (ML) in Clinical Research; Improve Study Design; Support Data Research Networks; and Related to Ethical and Human Subjects Protections Issues in patient-centered CER.	LOI due 6/4/24 <i>(full application due 9/4/24)</i>
