RESPONSIBLE USE OF GENERATIVE AI WITH F.A.S.T.E.R.

Source: Government of Canada, Guide on the Use of Generative AI

FAIR

Ensure content does not include or amplify biases and that it complies with human rights, accessibility, and procedural and substantive fairness obligations.

ACCOUNTABLE

Take responsibility for the content generated. This includes making sure it is factual, legal, ethical, and compliant with the terms of use.

SECURE

Ensure that the infrastructure and tools are appropriate for the security classification of the information and that privacy and personal information are protected.
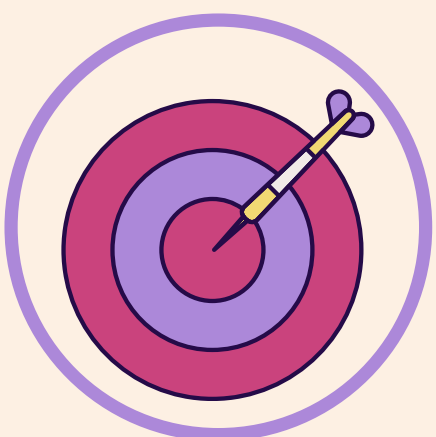

TRANSPARENT

Identify content that has been produced using GAI; notify users that they are interacting with an AI tool; document decisions.

EDUCATED

Learn about strengths, limitations, and responsible use; learn how to create effective prompts and to identify potential weaknesses in the outputs.

RELEVANT

Ensure use of GAI tools supports user and organizational needs and contributes to improved outcomes; AI tools aren't the best choice in every situation.
